

Nov. 16, 2012

Hi fellow Missourians,

Everything we have done is as if it never happened, because it really didn't. A non-government created invalid/non-existent legislation.

*"an unconstitutional act is not a law. **It confers no rights. It imposes no duties. It affords no protection. It creates no office.** It is in legal contemplation as inoperative as though it had never been passed. Therefore an unconstitutional act purporting to create an office gives no validity to the acts of a person acting under color of its authority."~Norton v. Shelby County, 6 S.Ct. 1121*

*"An 'unconstitutional act' constitutes a protection to no one who has acted under it, and no one can be punished for having refused obedience to it before the decision was made. A legislative act in conflict with the Constitution is not only illegal or voidable, but absolutely void. It is as if never enacted, and no subsequent change of the Constitution removing the restriction could validate it or breathe into it the breath of life."~In re Rahrer (U.S.) 43 Fed 556, 558, 10 L.R.A. 444.*

**AGAIN, FOLKS, IT NEVER HAPPENED. OUR 'LEGISLATORS' ARE PLAYING HOUSE SO THEY CAN FEEL LIKE THEY HAVE POWER OVER WE THE PEOPLE. WE HAVE NOTHING!! THE POWER HAS DISOLVED BACK TO THE PEOPLE. TO PROTECT YOURSELF YOU MUST RESIGN NOW AND SEPARATE YOURSELF FROM THESE UNLAWFUL PEOPLE.**

Now THEY want to tell Missourians how to resign from what they have created and destroyed saying you need to contact Randy Conway, use their document and have witnessed. This is not for your protection. They are now having a Jural assembly meeting with the same unlawful/unconstitutional people. Personally, I would not take advice or information regarding my resignation, law or my future safety from these guys. You can do what you want. Now RUSA is trying to re-start the unconstitutional government (that cannot be a Republican form of government) by an unconstitutional process.

Pat and I resigned from RUSA – see the handwritten letter and write one similar to what we wrote and email to those on indicated in my cover-email. We are taking our lead from people who were the first to see this coming and were first to resign. They obtain their knowledge from studying law and not by coming up with their best idea and passing it off as the 'infallible words of Congress'.

I hold no hatred for anyone, however, I must say, I have never worked with more unethical, unprofessional or unlawful people as the current leadership of this group called the Missouri General Assembly.

I have over a hundred pages of meeting minutes, the Governors letters of response and affidavits for you if you want to see how this group operated. It is important that if the people can have a LAWFUL Republic, that we know who to put into office and who should never have our trust again.

We the People will organize and be vigilant... the next time!

Yes, the CONSTITUTIONAL re-launch is coming with the backing of the world (security network), up front funding and enforcement that we have all been promised by RUSA and could never receive because of our unlawfulness.

We are differentiating our Jural Assembly calls from that of the current Missouri free State. When you receive an email from us "constitutional law", it is important you know which Jural Assembly you want to truly attend. If you want to be constitutional and part of a true Republican form of Government, with education from Nathan Peachey, please plan on attending the Jural Assembly calls of We the People / Constitutional Law; learning how to set up the court systems (which is the first step in a lawful Republican form of Government), setting up the organization documents for We the People, having a true voice of a Constitutional, Republic, please email me at [walthergroup@gmail.com](mailto:walthergroup@gmail.com) . Watch your email for updates. The court system will be established first by, of and for the people to have future remedy when your legislators are unlawful and need to be removed.

Now, I would like to tell you what is going on with RUSA in plain English. It is disbanding and we should resign our positions and our attachment to RUSA, but not from a republican form of government.

Some would have you believe that it is dissolving because we were too little, or not unified, or corrupt at the top regarding funding. However, these are only a small part of the trouble. The real problem is one thing and one thing only. It can be found in the phrase 'while we are interim we are not bound by the Constitution.' (Because we cannot follow gender and race and boundary issues, does not mean we can trash the whole thing. Maxim of law or necessity takes care of those issues.) This belief was fostered and pushed by Jim Odle, Mark Hafner, and Gary Douglas and the leadership of the houses at both the National and the State level. This has manifested itself in several ways that have brought us down.

At first, as you know, we started out knowing just enough to be dangerous and following instructions from the top. We were not reading any State Constitutions, statute or revised statute laws. Unfortunately, we started out unconstitutionally. The problem is, when we discovered we were wrong we did not correct ourselves and soon, we had a Congress both State and Nation operating under the belief system that they can ignore, override and disobey the law.

Just some issues were:

- Occupying dual seats in the Nation Congress and State General Assembly and a few days ago Missouri "congress" declared that this law is set aside because they don't understand it. I really can't decide if they are all this intellectually dim or think if they put their fingers in their ears, close their eyes and repeat loudly, "this clause does not exist" over and over again that it really isn't there.
- Did not seat the Senate into three classes.
- We the People not allowed on meetings of the General Assembly and never seeing or knowing what was going on behind closed doors.

- The attempt to remove the separation of powers, checks and balances (Article II Missouri Constitution) through their ethics and vetting documents. As Mark Hafner said in the June 9<sup>th</sup> minutes of a Missouri meeting, "if there are going to be changes in the functioning's of overlap of the three powers, the changes come from house and senate" and in the October 30, 2012 minutes basically says they need to pass unconstitutional legislation in order to be constitutional. Really?
- Not following term limits.
- Not observing adjournment and convening dates.
- Not having elections.
- Interpreting and cancelling laws to protect friends not eligible to have a seat in the General Assembly.

The list goes on and on. We do not have a restored Republic anymore because our legislators are lawless people. We cannot tell the world 'come to us because we are the Constitutional Republic' and be operating unconstitutionally.

The Constitution guarantees a republican form of government to the states. It is the framework of a republican form of government. **THEY CANNOT BE SEPARATED!** If we are not constitutional, we cease to have a republican form of government and we become something else. The closest thing to our government now would be an oligarchy or a group of kings. These are people who do not follow law, but have become the law. Humility (public servant) was replaced by arrogance (public ruler). God opposes the proud and gives grace to the humble. May we never forget this!

Believe it or not, as we are resigning, our Missouri or unlawful oligarchy, are still trying to create laws and impeach the Governor of a debunked Government. His crime was in showing the law to the people by saying that congress was in recess and was going to call for elections. Now, Nation Congress has announced their two year term is up and they have adjourned as of November 12, 2012 with no date to reconvene. The key here is this: They think they are counting votes next week to agree on a date to reconvene; however, at the end of the call, the acting speaker adjourned the session and James Odle, Acting Senate Pro Tempora agreed.

With regard to the Governor impeachment, it is my understanding that an impeachment and trial were held, Thursday, November 13, 2012.

Article III. Section 30. The House of Representatives shall have the sole power of impeachment. All impeachment shall be tried by the Senate; and, when sitting for that purpose, the Senators shall be on oath or affirmation to do justice according to the law and evidence. When the Governor shall be tried, the presiding Judge of the Supreme Court shall preside; and no person shall be convicted without the concurrence of two-thirds of all the Senators present.

Errors:

The alleged "Senate Pro Tempora" is not a lawful Senator because:

- a. The alleged Chief Justice Buscher did not have a Court and therefore, was never a Judge.
- b. Since the alleged Judge never had a court, his Oath of Office was not lawful.
- c. Mr. Oliver Martin never signed his Oath of Office making it official.
- d. Jeff Smith was advised of this many times in emails (that I can provide) and never followed through.
- e. Mr. Buscher got on the impeachment call and of course, never swore an Oath to the Senators during the alleged trial call as the Article says must happen.
- f. The same people that Larry said were unlawful tried him in their own court.
- g. Mr. Buscher told him the entire ordeal was a joke and hung up.
- h. Mr. Self (Larry's Lieutenant Governor) received a call last night from Mr. Martin telling him he is now the Governor.
- i. WE DON'T HAVE A LAWFUL REPUBLICAN FORM OF GOVERNMENT FOLKS.

Hellllooooooooooooo!!!

Well, now it is not just me saying we were unlawful, but Nathan Peachy, the security network (or the world), all the chief justices (all have resigned) and most of the leaders of the late RUSA. The Government we created was unconstitutional from its foundation and what was built on it was a dangerous structure that had to come down. Our republican form of government was never there because it was not constitutional. Remember, they cannot operate apart from one another. These people believe they have some authority to meet as a congress; but, now it is nothing more than, to quote a former member, Spanky and Our Gang.
